

Frenchkiss Records Microphone Cube

INSTRUCTIONS

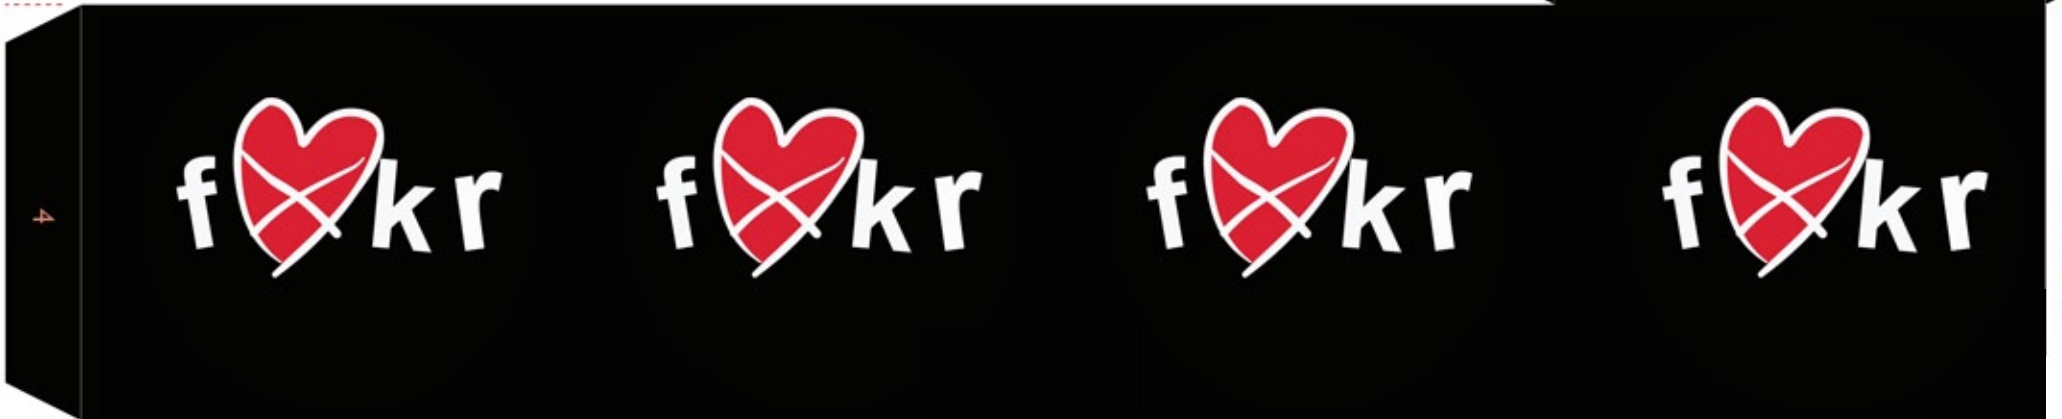

1. Score lightly with the back of a pair of scissors or a scalpel across the dotted lines
2. Cut out the microphone cube with a pair of scissors or a scalpel
3. Cut the lines of the star where the microphone will be placed
4. Assemble the cube by fixing with glue or sticky tape starting at tab 1 through to 4
5. The finished cube may need some padding to hold it to the microphone such as foam or just stuck in place with tape
